

Dustcover protects reader from smoke, dust and other airborne materials which may affect performance.

EC2000

90% COM READER

The Eye Com 2000 combines the features of the Eye Com 1000 -- compact size and a high level of brightness -- with the advantages of a full size reader -- a larger character size display, 90% of original size. The Eye Com 2000 uses little desk or counter space and gives you a clear, bright, easy-to-read image. (Fiche File sold separately)

EC2000

90% COM Reader

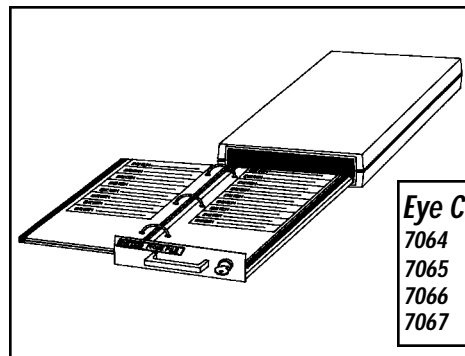

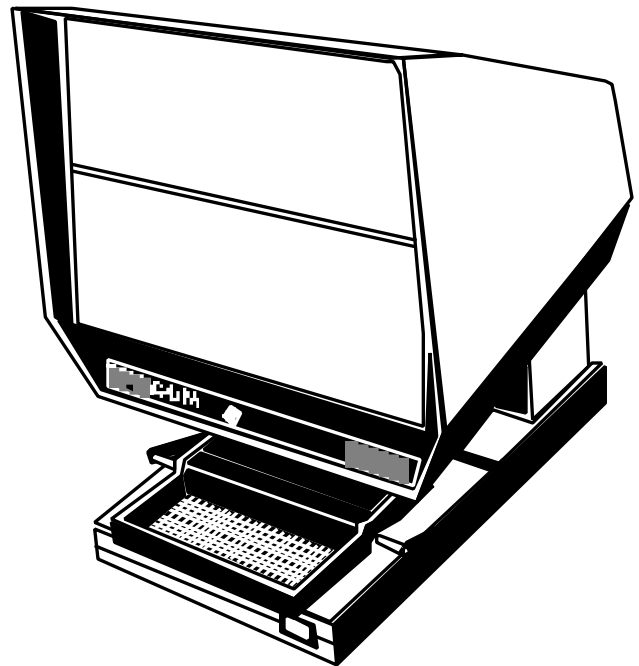

The Eye Com 2000 is designed for viewing both COM and Source Document microfiche at 90% of original size. Primarily a 90% COM reader, the 2000 covers all standard formats while providing a sharp, bright, easy to read image.

The 2000 features the benefits of larger character display while maintaining a compact, light-weight profile. Design simplicity is the key to this trouble-free, low-maintenance reader.

Standard Features

- Interchangeable lens capability
- Unique floating lens system -- assures constant focus over entire film area.
- Drive belt focusing for razor sharp images -- no backlash.
- Compact design saves valuable desk space.
- Light weight -- easy to move.
- Simplicity of design for low maintenance.
- Fanless convection cooling -- absolute silent operation.
